

Kiertotaloudesta totta – Mitä työkaluja yrityksille on tarjolla?

16.5.2023 Kiertotalous matkailualalla -webinaari
Annukka Berg, SYKE

Kiertotalous-Suomi on...

osaamisen ja tiedon
solmukohta, joka tukee
toimijoita oman
kiertotalouspolun
löytämisessä.

Kiertotalous-Suomi on...

...tiedon ja osaamisen solmukohta

- **Kiertaloussuomi.fi**
 - Infopaketteja, työkaluja ja ajankohtaista tietoa mm. säätelystä ja rahoituksesta
- **Viestintää**
 - Uutiskirjeet ja some
- **Tapahtumia ja koulutuksia**
 - Yhteistapahtumat kumppanien kanssa
 - Omia tapahtumia mm. säännölliset Kiertotalouskahvit ja hyviä käytäntöjä luovat Ratkaisurallit

...joka auttaa toimijoita oman kiertotalouspolun löytämisessä.

- **Teemaryhmät**
 - Kunnat ja alueet
 - Osaaminen ja koulutus
 - Digitaaliset ratkaisut
- **Rahoituksen tuki**
- **Kiertotalouden green dealin tuki**
- **Teollisten symbioosien palvelu**

Työkalut ja toimintamallit

- Aineistopankki
- Haku kohderyhmän ja avainsanan mukaan

<https://kiertotaloussuomi.fi/taito-ja-tyokalut/kiertotalouden-tyokalut-ja-toimintamallit/>

Kiertotalouden työkalut ja toimintamallit

Tälle sivulle kootaan kiertotalouden toimintamalleja ja työkaluja eri kohderyhmiin. Työkaluja tulee lisää syksyn aikana. Voit ilmoittaa sopivista työkaluista osoitteeseen kiertotaloussuomi@motiva.fi

Q

Kohderyhmät

Yhteensä 27 aineistoa

Open Innovation Playbook - työkaluja avoimen innovaation kiertotalouden ekosysteemien johtamiseen

Kestävä kasvua kiertotalouden liiketoimintamalleista -käsikirja

Kestävää kasvua kiertotalouden liiketoimintamalleista

- Sitra & Deloitte 2022
- Tarjoaa selkeän polun kiertotalouteen
 1. Ymmärrä kiertotalouden merkitys
 2. Tunnista kiertotalouden mahdollisuudet
 3. Määrittele kiertotalouden liiketoimintamallit
 4. Tunnista tarvittavat kyvykkyydet
 5. Tee kiertotalousmuutoksesta totta
- Mukana työkaluja kuten esim. business model canvas

<https://www.sitra.fi/julkaisut/kestavaa-kasvua-kiertotalouden-liiketoimintamalleista/>

Sitra: 41 kiinnostavaa kiertotalousyritystä Suomesta

V. 2021 julkaisussa versiossa mukana ei ole yhtään varsinaista matkailualan yritystä. Potentiaalisia kumppaneita paljonkin!

<https://www.sitra.fi/artikkelit/tassa-ne-ovat-41-kiinnostavaa-kiertotalousyritysta-suomesta/>

Miten kiertotaloutta voisi huomioida matkailualalla? – konkreettisia ideoita

- Kun kiertotalouden ideaan tarttuu, voi olla fiksua hahmottaa se **kokonaisvaltaiseksi resurssitehokkuudeksi ja pyrkimykseksi luoda ympäristön kantokyvyn sisällä toimivaa taloutta**
 - Kulutuksen ympäristövaikutusten näkökulmasta suurin merkitys on liikkumisella, asumisella ja ruualla.
- **Matkat: Saman elämyksen äärelle pienemmillä päästöillä ja resurssien kulutuksella**
 - Löytyykö sama elämä lähempää?
 - Mikä on vähäpäästöisin tapa kulkea perille?
 - Voiko matkan taittaa jollakin jaetulla kulkupelillä?

Miten kiertotaloutta voisi huomioida matkailualalla? – konkreettisia ideoita

- **Tilat ja tavarat: tehokkaita tiloja ja aikaa kestäviä ratkaisuja**
 - Miten samoista tiloista saadaan täysi hyöty esim. monikäyttöisyydellä ja joustavilla ratkaisuilla?
 - Miten minimoidaan energian kulutus ja sen päästöt?
 - Voidaanko hyödyntää jo olemassa olevia tiloja ja käytettyjä tavaraita?
 - Miten saadaan kaikki käyttöön otettava kestämään aikaa?
 - Voidaanko elinkaaren pidentämiseen hyödyntäää huolto-, korjaus- tai uudelleenkäyttöpalveluita?
 - Onko resurssitehokkainta vuokrata, liisata tai ostaa palveluna?
- **Ruoka: kestäviä valintoja ja hävkin minimoimista**
 - Miten lisätään tarjotun ruuan kasvispainotteisuutta?
 - Voidaanko hyödyntää ruokaa, joka uhkaisi päätyä hävikiksi?
 - Miten vähennetään hävikkiä omissa tarjoiluissa?

Kiertotaloudesta totta!

- Kiertotalouden toteuttaminen omassa toiminnassa vaatii todennäköisesti paitsi omien toimintatapojen tarkastelua myös **kumppaniverkoston luomista**
- Omassa ydinliiketoiminnassa vaikutusmahdollisuus todennäköisesti suurin.
 - Miten tekoja voi tehdä näkyväksi?
 - Huom. Vastuullisuusväittämien ja vihreiden väittämien säännot
 - <https://kauppa.fi/wp-content/uploads/2023/05/3.-kiertotalous-ja-saantely.pdf>
- Hyvä myös miettiä, voisiko toimia **alustana tai mahdolistajana kiertotalouden mukaisille käytännöille**
 - Esim. kertominen paikallisista kiertotalouden mukaisista/kestävistä ratkaisuista

Kiertotalouden mittaaminen: Ellen MacArthur Foundation – Circulytics

<https://ellenmacarthurfoundation.org/resources/circulytics/overview>

Circulytics supports a company's transition towards the circular economy, regardless of industry, complexity, and size. Going beyond assessing products and material flows, this free company-level measuring tool reveals the extent to which a company has achieved circularity across its entire operations.

Kiitos!

Kaksi keissiä

- Kierroksia kiertotalouteen –haastekilpailu: kiertotalousongelman ratkaisu
- KiertotalousAreena 24.5.: tapahtuma ja sen järjestäminen

KIERROKSIA KIERTALOUTEEN

Haastekilpailu: yrityksellä/toimijalla kiertotalouden toteuttamiseen liittyyvä haaste. Toiset yritykset tarjoavat ratkaisuehdotuksia. Yksi kriteerit täytyvä ratkaisu/haaste pilotoidaan. Tuki max 15 000 € toteutuneita kustannuksia vastaan.

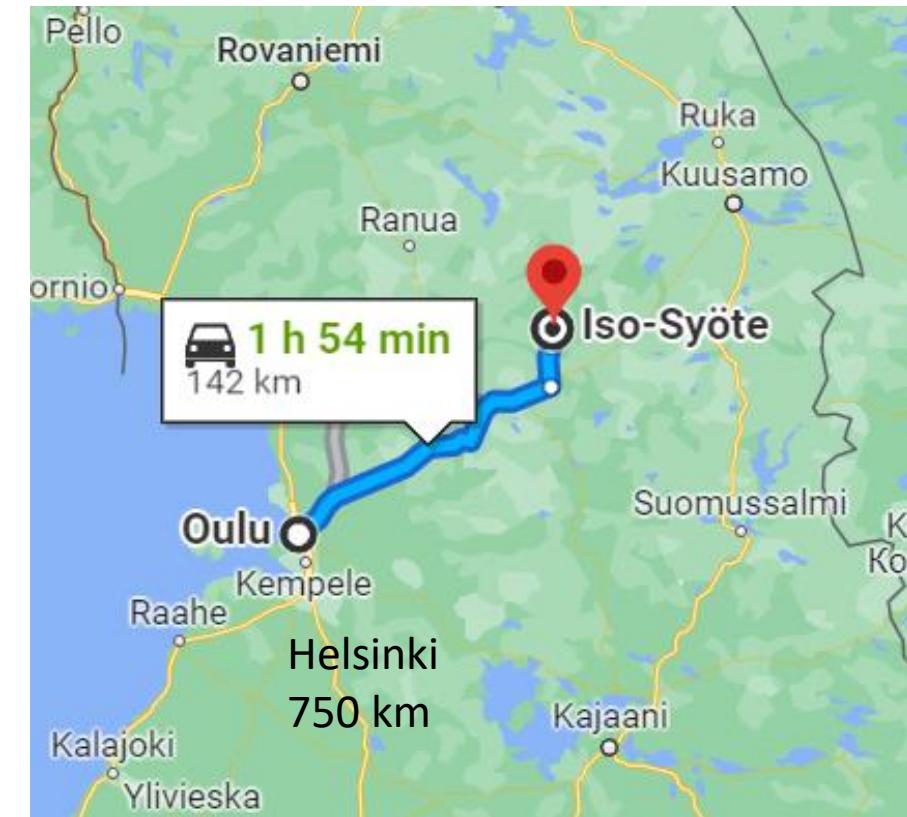

Tavoite:

- Pk-yritykset saavat näkyvyyttä ja referenssejä uusille kiertalousratkaisuille.
 - Päästövähennyksiä tuovia, skaalattavia ratkaisuita käyttöön
-
- Toteutus AKKE-hankkeena (PPM liitto) – de minimis:
 - Tuloset julkisia
 - Kilpailutettiin toteuttajakonsultti Claudiassa: käänneinen kilpailutus
 - Löydettiin 3 haastetta open call –menettelyllä omasta verkostosta
 - Ratkaisuehdotusten hankintamenettely: kilpailutus
 - Arviointi, valinta loppukilpailuun
 - Loppukilpailu: haasteiden pitchaus KiertotalousAreenassa
 - Pilotointi loppuvuonna

Haaste: digitaalinen ratkaisu Syötteen matkailualueen resurssien jakoon

Omistaja Pudasjärven Kehitys Oy

Etsitään: resurssien käytön tehokkuutta ja joustavuutta matkailupalveluiden, kuten ravintolapalveluiden ja välinevuokrauspalveluiden järjestämiseen. Ratkaisu pilotoidaan Syötteen matkailualueella Pudasjärven kehitys Oy:n kanssa.

Kansallispuisto
Pyöräily, laskettelu, retkeily, kalastus

Hotellit Iso-Syöte, Pikk-Syöte ja Kide
n. 1500 rek. vuodepaikkaa, 150 airbnb
Yli 3500 mökkiä!

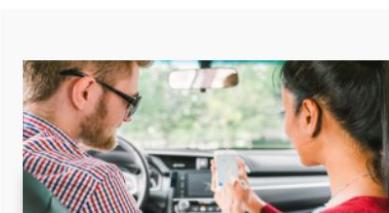

Tunturikoulu: esi- ja alakoulu

Visit Finland Sustainable Travel Finland -ohjelma

Yksi ratkaisuehdotus: Coreorientin Reissukyyti-sovellus. Aloitetaan epävirallisesti suunnittelu touko-kesäkuussa. Pitchaamaan? Sopimus virallisen hankintapäätöksen jälkeen kesäkuussa.

GoMore

Miksi GoMore?

Voisiko matkailija päästää elämyksien äärelle pienemmillä päästöillä ja resurssien kulutuksella – mutta myös paremmalla asiakaskokemuksella ja edullisemmin?

Edullista – keskimäärin -30% vs. perinteinen autonvuokraus

Turvallista – Jokainen vuokraus on vakuutettu, turvallinen vertaisarvioitu yhteisö

Ympäristöfiksua – autoista johtuvien ympäristöhaittojen vähentäminen

Helppoa – Keyless autot käyttöön sovelluksella alle 3 minuutissa ja toimitettuna haluamaasi paikkaan

Paikallista – "Rent a Car From a Local"

GoMore

Autojen jakamisen vaikuttavuus

Suomessa 10% vähennys yksityisautojen määrässä tarkoittaisi lähes 300 000 yksityisauton poistumista teiltä.

Autojen jakaminen johtaa tutkitusti kaupunkitilan vapautumiseen autoilta ihmisiille ja monimuotoisempaan liikkumiseen

Table 4. Reported impacts of car sharing on selected indicators.

Indicator	Low	Medium	High

Autojen jakaminen osana kiertotaloutta

Autojen jakamisen CO2 vähennysvaikutuksen kustannus on negatiivinen (-100 € / t CO2) – eli se on hyvin kustannustehokasta. Autokannan sähköistymisen myötä CO2 vähennysvaiketus kasvaa.

FOSSIL-FREE AND TRAFFIC SMART DJURGÅRDEN		
GOALS 2027	GOALS 2025	GOALS 2023
All transport of goods and people will be fossil-free by 2027. An introduction of a date 3 environmental zone.	Contracts and agreements with transport operators • Land-based public transport • Water-based public transport • Carriers, shippers, tourist & business travel • Private car Our fleet is fossil-free.	-A car-free Djurgården is defined. -Action plan established based on traffic study.
Djurgården is known as biotope-friendly		
New pedestrian & cycle bridge connecting Djurgården and City parken		
Investigation and design Traffic Office		
Remainder measures to improve traffic safety are taken		
Djurgården has been closed for vehicles		
Use of electric vehicles and separated public bus, train and bus stops		
Strategic Transport Administration in cooperation with Djurgården and the City of Stockholm about public transport and travel routes cleaner ship and station		
Parking spaces have been removed and partly locally produced		
Our energy use has been reduced by 20% compared to 2015		
Reduced our fossil oil & use is removed compared to 2015		
Reduced plastic comes from fossil-free sources		
We have provided for both purchases and projects with consider of fossil free		

SUSTAINABLE FOOD CULTURE		
GOALS 2027	GOALS 2025	GOALS 2023
Djurgården is established as a destination for sustainable food culture and good food - for guests, staff, the Baltic sea and the planet.	We inspire others in sustainable food culture. We inform about the impact of food and can indicate the carbon footprint of our operations.	We have created a consensus around sustainable food culture and together we carry out activities that strengthen it. Plan in place for conversion to fossil-free of special vehicles.
Spices are reallocated from oil to plastic and crystals	We prioritize local produce and encourage home-grown	We always serve in an ultimate way for a bicycle-friendly Djurgården.
We work hard for cyclopath providing safe bicycle parking	The meat, fish and vegetables we serve meet WWF's criteria for green	
Trial of signage, further investigation of physical damage	• Evaluation with the Traffic Office for reduction of oil & CO2 emissions on rail and bus	
Our meat comes from animals that are grass fed or pastured.	Our meat comes from animals that are grass fed or pastured.	
The proportion of eco-labelled or home-grown products in our food waste has increased compared to 2022. We each set our own targets for 2027.	We measure the proportion of eco-labelled or home-grown produce that we use and also home-grown	
We participate in initiatives that support biodiversity	We know more and take into account pollinator and biological diversity in our own planning.	
Our food waste is minimised.	We measure and report our food waste, and calculate weight per portion served.	
	We collect food waste for biogas or compost.	

OPEN, ACCESSIBLE AND WELCOMING		
GOALS 2027	GOALS 2025	GOALS 2023
Djurgården is known as an open and welcoming environment for nature, culture and entertainment.	Djurgården is known as open and welcoming during extended time and season from 2022.	We offer an attractive range all year round.
Djurgården is accessible and easy to move to.	Djurgården has access to the knowledge bank, accessibility induction and hospitals	
	A division for increased reporting at Djurgården is in place.	We work continuously to improve accessibility in accordance with our values.
	Continuous development work according to "Commitment to a clean and tidy Djurgården".	We attract, inspire, and engage our guests through the way we work together in a sustainable way.
	The events organised on Djurgården are safe and secure.	Djurgården is a stage for important international and national meetings.
	Events organised at Djurgården follow guidelines requirements.	Djurgården is designated by the City of Stockholm as an arena and test area for sustainable solutions - an innovation area.
		We organize or host a major event with linked to sustainability.
		The products we sell in our shops are responsibly produced.
		It is clear in our shops which products are and have been produced responsibly.

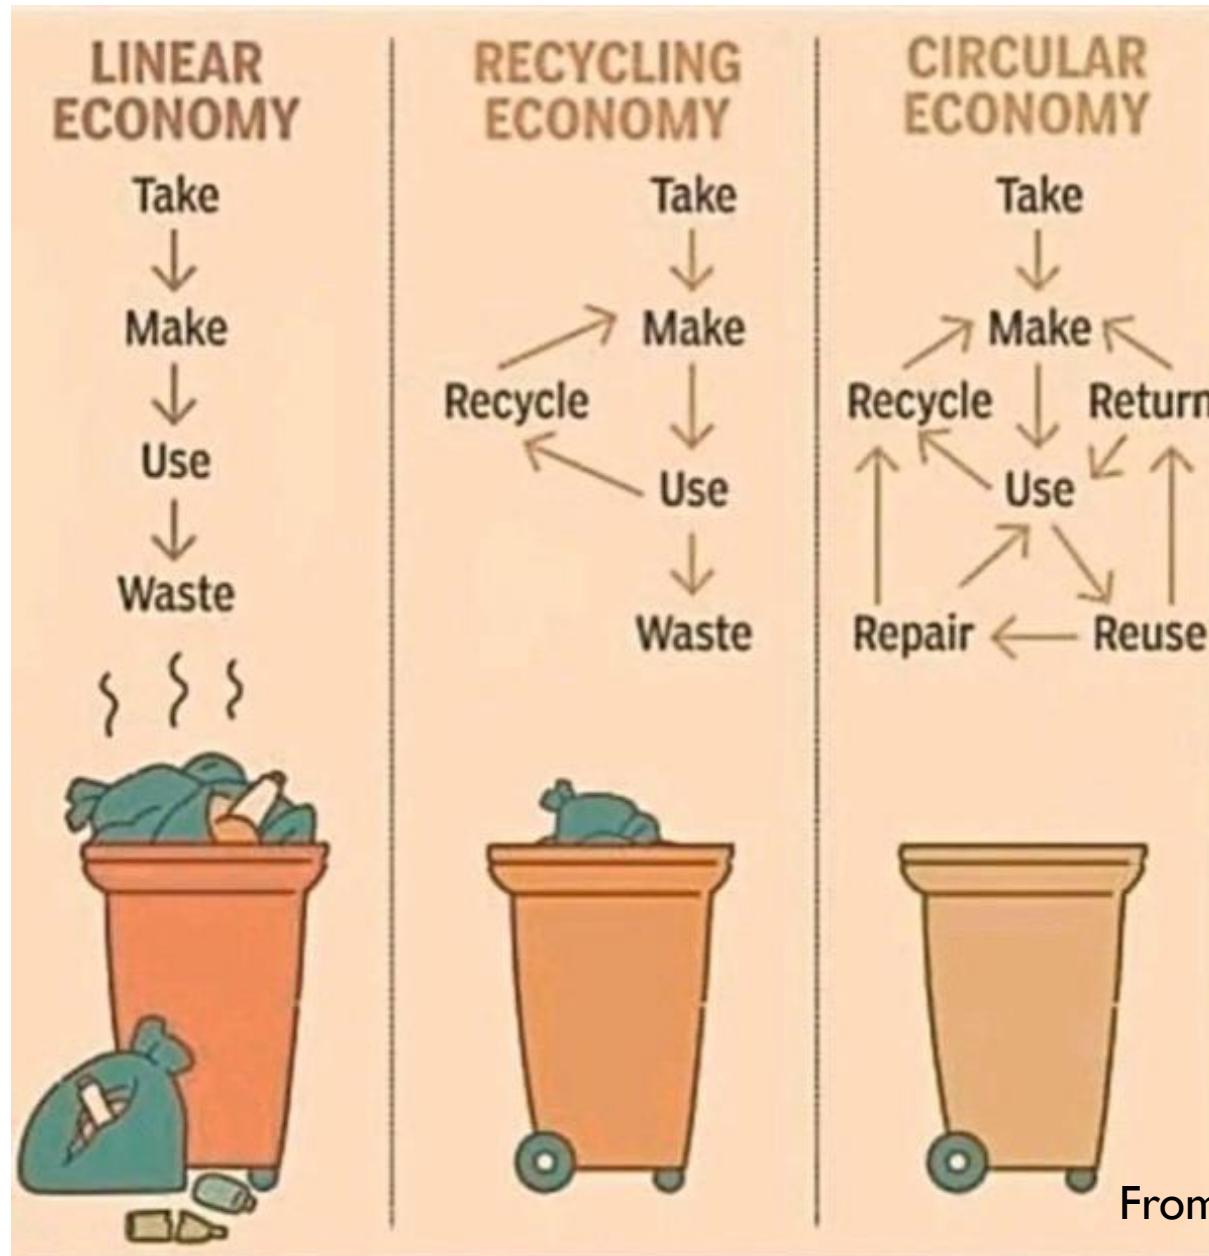

A WORLD EXHIBITION FOR SUSTAINABLE DEVELOPMENT		
GOALS 2027	GOALS 2025	GOALS 2023
Djurgården work to preserve its, use and develop our cultural heritage as a world famous.	Djurgården works to preserve, use, and develop our cultural heritage as an arena and test area for sustainable solutions.	Based on our values, we inform our guests about Djurgården's history and tradition and innovation in heritage.
Djurgården is known nationally as the place where we rooted ourselves and where our cultural heritage is world famous.	We attract, inspire, and engage our guests through the way we work together in a sustainable way.	
Djurgården is designated by the City of Stockholm as an arena and test area for sustainable solutions - an innovation area.	Djurgården is a stage for important international and national meetings.	
	Everyone has adopted the <i>Play Commitment</i> to a clean and tidy Djurgården.	Key external sustainability meetings looking for Djurgården as a host location.
	We organize or host a major event with linked to sustainability.	We organize an exhibition of the current state of development and develop an action plan to increase the proportion of sustainable products and responsibly produced products.

GSTC

The result of a worldwide effort to develop a common language about sustainability in tourism.
Arranged in four pillars:

1. Sustainable management
2. Socioeconomic impacts
3. Cultural impacts
4. Environmental impacts (including consumption of resources, reducing pollution, and conserving biodiversity and landscapes)
